- The summer field events were discussed and it is up to the events that rent our field to determine how they will verify the required labeling of all aircrafts at their events. This is the AMA and FAA labeling. ORCM will not be responsible for any infractions issued for non-compliance of AMA and FAA rules.
- The AMA roster site has been updated with the exception of needing the AMA number for Dwight Nelson.
- The contracts for the rental agreements for exclusive use of the field were discussed. We will honor the same rates as last year for both events and contracts will be sent out to both event organizers.
- Discussion was held on how we go about getting the summer events on the Chamber of Commerce website to increase exposure and possibly increase spectator attendance.
- A recap of the field safety rules were read as required by the AMA. Field rules are to be covered a club meeting each year.
- Because of the July 4<sup>th</sup> holiday on a Thursday which is our designated club flying night and summer meeting night. We will hold our meeting on Tuesday July 2<sup>nd</sup> and hold our

- club flying night that evening also to allow everyone to enjoy the 4<sup>th</sup> with family and friends.
- Kevin Kaveney has graciously purchased the de-thatcher and fertilizer spreader from Dick and donated them to the club for field maintenance. Thank you Kevin!!!
  - Dick also donated a battery charger, power cord and other hand tools to the club along with a couple of containers of nuts and bolts for use at the field. Thank you Dick for your donation!!!
  - It was brought up that when using the new mower to make sure to block the mower at the back as seen in the picture below. The reason for this is the blades will spin up and you do not want anything to contact the blades.

**Next formal business meeting will be on Thursday May 2nd @ 6:30PM at the Robert & Corrine Reul Memorial Field**
