

June 6th 2018 Meeting Notes

Secretaries Report

- Secretary report was read from the May meeting and approved.

Treasurers Report

- Treasurer's report was read and approved with the following transactions.
 - \$76.17 to Dick for concrete and pipe for fence, \$49.53 to Neil for fuel and blower parts, \$36.75 for fuel and \$127.73 to fleet farm for chemical

Old Business

- Both the Midwest 3D Fest and Sledworks Aerotow are ready for June and July's field events.

New Business

- The Midwest 3DFest will take place starting on June 14th. We need to have the field mowed prior to the state of the event and Greg will call for bathroom servicing before the event.
- Fun Fly #1 will be held on June 23rd starting at 9:00AM
 - Arlin will be picking up food for the event.
- Copies of the new AMA Safety rules are in the large shed for members to read through. These can also be viewed on the AMA website at the following address <http://www.modelaircraft.org/files/100.pdf>
- Alice has new points and an anti-freeze flush was done. Temps are down on the radiator gauge but she still runs warmer than she should.
- Dick is putting flowers out front by the sign. If you are coming into the field please water the flowers then refill the jugs and bring back to the gate for future watering.
- Dick gave an update on the status of the turf work being done on the north end of the field. It is getting late to put see down for the season but we will be putting down the grub killer in July after they hatch out and grow larger.
- An email will be sent out to the membership about mowing and needing more help with mowing the field. Currently it is being done by about 5 people regularly. Mowing needs to be done weekly at this time of the year.
- We need to get 3 sheets of ¾ inch treated plywood to replace the failing table tops. We will get them cut in half before bringing them to the field to install.
- Neil will order business card stock to print more cards of club information to hand out to prospective members.
- Field project update: Frequency boards are hung in the picnic shelter but need new cloths pins mounted. Both leaf blowers are operational as of the end of the June meeting.
- Discussions on mowers was started but tabled as we feel we can get Alice running more dependably for the future.
- Next meeting will be July 11th because of the normal date being the 4th of July

Next formal business meeting will be on July 11th @ 6:30PM at the Robert & Corrinne Reul Memorial Field.
