  - **Owatonna RC Modelers Fun Fly #2** - July 25, 2026 9:00am start
- Civil Air Patrol Breakfast we had a display set up and had many kids and adults try the simulator. A few people had interest and some inquired about giving equipment to us.
- Memorial Day Parade we had a float again this year and many complements on the display.
- Lockheed has rented the field 7 times this year with more coming in the summer. This is allowing us to do the needed upgrades without asking for money from the membership! They are planning on renting the field 3 more times in June.
- Membership is currently at 27 paid members.
- The driveway upgrade/repair was completed with Doberstein. 8 loads were installed.
  - Neil has before and after pictures of the driveway and blown over sign to turn in a grant request during the next AMA grant review window.
- Dick has repainted the prop sign and it was re-installed.
- Neil to contact the land owners of the pit to the south about taking the berm down.
- If you are not getting updates from Neil about the Lockheed rental dates please send an email to ntryhus@gmail.com so I can verify your email and get you on the list.

- The Afterburners club in Northfield had to purchase a new mower and is asking for donations from their members. If you would like to donate to them Dick has the information. Update since the meeting they have met the goal and no longer need donations!
- It was discussed to add a salt water can inside another larger can to use for discharging LiPo batteries that are damaged. Dick will be looking into getting that setup in place.
- Meetings in June through October will be held at the field.

**Next meeting is June 3rd @ 6:30 pm in the Robert and Corinne Reul Memorial Flying Field**
